NMGS DNA PROJECT

Our mission is to validate genealogies tracing back to their known origin in New Mexico using Y-DNA and mtDNA testing.

NMGS DNA PROJECT VALIDATION PROCESS

Thank you for joining our exciting NMGS DNA Project. Once you submit the NMGS DNA Project *join agreement* and *lineage form* for validation, our process is as follows:

1. The lineage form is given to a member of our validation team for verification.
2. Once validated, the form is sent back to the project administrator for final review.
3. The form is then processed by the administrator who updates the FTDNA page by entering the name of the earliest known ancestor on the mtDNA or Y-DNA line and places an asterisk (*) at the beginning of the name in the ancestor column.

Important – **You will not** get your validated lineage form returned until this step is done.

Each participant needs to grant **Advanced** access to their DNA page so that the administrator can put an (*) and enter the name of their Earliest Known Ancestor.

This is a very much needed change to the page – it shows how many validated kits are in the NMGS DNA project.

Asterisk by Administrator means Kit complies with project and validated to that ancestor.

➡️

*Hernán Martín Serrano, b. ca. 1538
Hernan Martin
*Hernán Martín Serrano, b. ca. 1538
*Candelario Martin, b. ca. 1800
*Domingo Martin Serrano b. ca. 1649-1658
*Andrés Montoya, natural son of Ysabel Montoya
*Sabiniano Isidoro Gurule, b. 1926

No asterisk means kit does not comply and requires attention, or kit is not yet validated.

➡️

Francisco Antonio Valdez y Bustos
Francisco Antonio Valdez y Bustos
Juan Antonio Valdez
*Juan de Espinosa, b. ca. 1735

STEP 3

Group Administrator Access: NMGS DNA Project

For a full list of Group Administrator Access permissions, visit our Learning Center.

Group Project Administrator Access Level Settings

To grant further access for each Group Project Administrator, please review the list below and select Limited or Advanced from the drop-down lists. We recommend Limited access to get the most out of your Group Project experience. However, if you have limited computer access or require assistance in managing your information, Advanced Access may be a more convenient choice for you.

Name ⓘ	Role ⓘ	Access ⓘ
Miguel Tórrez	Admin	Advanced ▾

I allow all future Administrators and Co-administrators of this project to have the following access to my account:

Advanced ▾

If yours says Limited, change to Advanced.
