PRESIDENT & VICE PRESIDENT SEARCH

Submitted by Henrietta M. Christmas

Dear NMGS Members

Lead Our Search!

Do you love genealogy and a vision for our community? NMGS needs you! We are officially seeking nominations for the positions of **President** and **Vice-President** for the upcoming term beginning January 2026.

This is your chance to:

- **Guide** our society's future.
- **Shape** our events and programs.
- **Inspire** fellow researchers.

We're looking for enthusiastic members ready to make a difference. No formal experience is necessary, just a love for what we do! This isn't just about running meetings. This is about vision. It's about asking: How can we better serve our members? What new technologies can we embrace? How do we grow our genealogical community and share our collective passion for discovery?

We are seeking a President who will be our society's chief advocate and visionary, guiding our strategic direction and serving as the public face of our community.

We need a Vice-President to support the President, helping to manage our programs, support our committees, and ensure the smooth operations.

You don't need a formal leadership resume. You need a passion for our shared mission, a collaborative spirit, and a desire to give back. The current board will provide full support and guidance to ensure a smooth transition.

To nominate yourself or another member (with their permission), please send a brief statement of interest to infornmgs@gmail.com.

While helping Mary Peterson work on Picuris baptisms, we pulled all the loose documents to add them to the upcoming baptism books. In doing so, a few burials were found, and we opted not to include them in the baptism book but to publish them outside of that venue. IMPORTANT INFORMATION

New Mexico Genealogical Society Copyright Policy

It has come to our attention that unauthorized copying, scanning, and photographing of New Mexico Genealogical Society (NMGS) publications is occurring. We want to remind our members and the public that NMGS holds the copyright to its publications, including transcriptions, translations, and other research materials.

Our goal is to keep the purchase price of our publications as affordable as possible to ensure broad access to New Mexico's genealogical history. However, the ongoing unauthorized reproduction of our work undermines these efforts. Every unauthorized copy represents a loss of income that would otherwise support future research, publication efforts, and the preservation of New Mexico's historical records.

These publications are the result of countless hours of volunteer labor, transcribing and translating old church and historical records—a tedious and time-consuming process undertaken to benefit researchers and the wider community. We ask for your support in respecting copyright protections and ensuring that NMGS can continue its mission.

If you wish to use NMGS materials for educational or research purposes, please contact us to request proper permissions. Your cooperation helps us preserve and share New Mexico's rich genealogical heritage for generations to come.

For inquiries regarding permissions or to support our work, please visit our website or contact us directly.

New Mexico Genealogical Society

Due to the US Postal Service (USPS) periodical mailing changes to the arrival of your journal will be impacted. Utilizing this service has allowed NMGS to keep your membership at \$30 and not raise it, but please realize your June journal will be delayed because this new USPS change goes into effect July 2, 2025.

ATTENTION -- 23andMe DNA is going bankrupt! Anybody who has done their DNA testing through this company should consider deleting your DNA data (genetic and family information) through the below link:
